Paracord Hex Nut Begleri

paracordgalaxy.com

Materials:

Two 18 in pieces of 650 paracord

12-14 inches of 550 paracord

Four 3/8" Hex Nuts

{Cost for this project starts at \$2.19}

paracordgalaxy.com

Step 1: Take one piece of 650 paracord (or gutted 550 paracord) and attach to a lacing needle. Thread the cord into two hex nuts leaving a 1 inch tail.

paracordgalaxy.com

Step 2: Wrap the cord around the hex nuts and insert the needle going the same direction as before.

paracordgalaxy.com

Continue wrapping until five sides are covered. On the remaining side, bring the two tails together.

paracordgalaxy.com

Trim both ends leaving just a little extra length so you can join the two ends together.

Carefully melt and join the two ends together and smooth flat. Repeat with the other 650 cord and two hex nuts. The side with the joined cords will be the bottom.

With the 550 paracord, tie an overhand knot or follow these steps: **Step 3** Form a loop near one end with the top cord going to the left.

paracordgalaxy.com

Step 4: Wrap the left cord around the right cord one and a half times.

paracordgalaxy.com

Step 5: Insert the end through the wrap and up through the back of the first loop.

paracordgalaxy.com

Tighten the knot as close to the end as you can. Trim and melt any excess if needed.

paracordgalaxy.com

Attach a fid to the opposite end and insert through the bottom of one pair of hex nuts.

Insert the fid into the top of the second pair of hex nuts. Remove the fid.

paracordgalaxy.com

Repeat steps 3-5 to form a knot. Tighten the knot at the desired length then trim and melt any excess. The bottoms of your hex nuts should be sitting on the knots.
