Step 1: With the blue cord make a two strand double cow's hitch.
[See our tutorial for instructions.](#)

Step 3: Bring the right black cord under the right core strand and over the left core strand.

Step 2: Insert the camo and black cords through the knots at the working end with equal length on each side.

Step 4: Bring the left black strand under the left core strand and over the right core strand.

Step 5: Bring the right camo cord up through the center of the bracelet above the crossed black cords. Lay it to the left along with the black as shown.

Step 6: Bring the left camo cord up through the center of the bracelet above the crossed cords and lay it to the right as shown.

Step 7: Bring the right blue cord behind the bracelet and insert it up through the middle below the crossed cords. Wrap it up and insert it down through the space between the right black cord and the right core strand.

Step 8: Repeat step 7 with the left blue cord and inserting it down between the left black cord and left core strand. Pull all cords tight.

Repeat steps 3 through 8 until you reach the end of the bracelet.

This made a 9 ½ inch bracelet. You can
also make this bracelet with four or six
core strands for a wider bracelet.
