Step 3: Bring the right rainbow cord over the first strand on the right and under the three on the left.

Step 2: Bring both blue cords up through the center. Move up out of the way for now.

Step 4: Bring the left rainbow cord over the first left strand and under the three right strands.

Step 5: Bring the left blue cord down below the crossed rainbow cords and insert it down between the two left cords and up behind the left cords.

Step 6: Bring the same blue cord above the crossed cords and down between the two left cords as shown.

Step 7: Repeat steps 5 and 6 with the right side.

Step 8: Tighten all cords. Then repeat steps 2 through 8 until you reach the end of the bracelet.

Insert the remaining four feet of blue cord through the back of the knots at the beginning of the bracelet with equal length on each side.

Step 9: Attach a fid and insert the blue cord under the blue cord on the side as shown.

Step 10: Insert the blue cord down between the first two rainbow cords and where the two blue cords meet. This should make it parallel to the rainbow cord on the sides.

Continue repeating steps 9 and 10 on both sides of the bracelet.

Weave the ends through the back as needed, then trim and melt.

This made a 9 ½ inch bracelet
