Coin Knot Bracelet with Cobra

paracordgalaxy.com

Materials:

Two 6 ft pieces of 275 paracord
(We used two colors)

{Cost for this project starts at \$3.98}

paracordgalaxy.com

Find the center of both cords and lay one on top of the other as shown.

paracordgalaxy.com

Step 1: Begin a cobra weave by bringing the right side of the bottom cord over the two top cords and under the left cord.

paracordgalaxy.com

Step 2: Take the left side cord behind the center cords and up through the loop created by the right cord.

paracordgalaxy.com

Pull the knot tight. Leave a small loop about a half inch long in the center color cord for your knot and loop closure.

Step 4: Bring the right cord under the center cords and up through the loop created by the left cord. Pull tight. Repeat steps 1-4 until you have about three inches of braiding.

paracordgalaxy.com

Step 5: With the left two cords, one of each color, create a loop as shown with the working ends on top.

paracordgalaxy.com

Step 6: Take the two right cords and place them behind your loop.

paracordgalaxy.com

Step 7: Take the working ends of the right cords and lay them over the working ends of the left cords as shown.

paracordgalaxy.com

Step 8: Continue with the working ends of the right cords and bring them up through the space between your loop and the cobra braid.

Step 9: Bring the working ends of the right cords under the cords you laid in the center of the loop. Then bring them over the side of the loop as shown.

paracordgalaxy.com

Pull the cords tight and adjust as needed. Your knot should look like this.

paracordgalaxy.com

Step 10: Take the two cords of the same color to use as your center cords. We used the opposite color as in the beginning. Use the other color to continue making a cobra weave.

paracordgalaxy.com

Continue repeating steps 1-4 until you have about three inches of braiding. Trim and melt the outside color leaving the center cords to create a knot.

paracordgalaxy.com

Use the center cords to tie a diamond knot or any other knot that will fit through your loop at the beginning.
