Two Strand Diamond Knot Tutorial

Use for lanyards or in place of a buckle.

Step 1: Make a loop with side A over B

Step 2: Bring side A over itself and under B as shown.

Step 3: Bring part of the second loop under the first loop as shown.

Step 4: Bring A over the first loop and under the strand of the second loop and back over the first loop.

Step 5: Using side A, follow the arrow over and around the top, then up through the center.
Step 6: Using side B, follow the arrow and bring it under the to bottom cords and up through the center.

Step 7: Tighten the knot by pulling on A and B.
