Step 2: Insert both cord ends through the loop in the middle of the cord and pull tight to form a knot.

paracordgalaxy.com

Repeat the previous steps with the other side. Cut to the length desired for the bracelet. Keep in mind the clasp will add about 1/2 inch.

Step 3: Braid the three long pieces by bringing the right cord over the middle cord to become the new middle cord.

paracordgalaxy.com

Repeat steps 3 and 4 keeping the braid tight until you reach the same length as the other cord ends. Trim the excess and melt the braided ends together.

Step 4: Bring the left cord over the middle cord.
