Mini-Nunchucks

paracordgalaxy.com

Materials:

4 pieces of paracord at 1.5 ft each

2 inch piece of paracord

Two 3" nails with head

Superglue

{Cost for this project starts at \$1.99}

paracordgalaxy.com

With one end melted on your 2 inch piece of paracord, pull the inner strands out on the other end about 1/4" and trim.

paracordgalaxy.com

Now cut off the melted end and carefully push back the outer sheath to expose the inner strands and trim them.

paracordgalaxy.com

Push the outer sheath back so the end is hollow and melt slightly. Insert the tip of the nail and glue with some super glue.

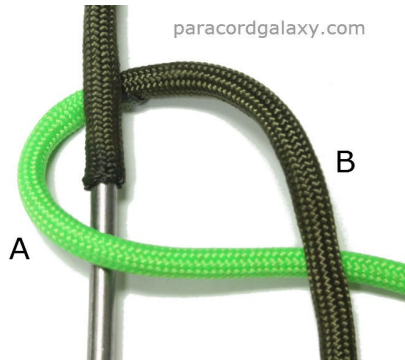

paracordgalaxy.com

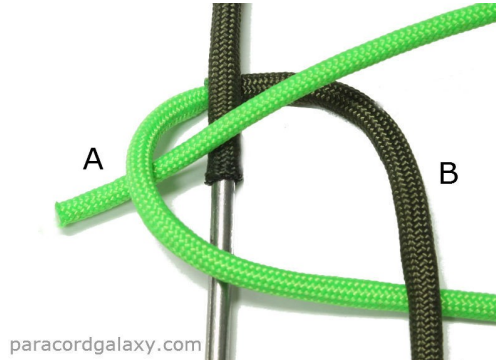

Melt the outer sheath and glue the other nail in the hollow end. You will want about 3/4" between the tips of the nails.

Step 1: Join two strands of paracord, one of each color. Place the center of the joined cords behind one nail and cross side A over the nail and under side B.

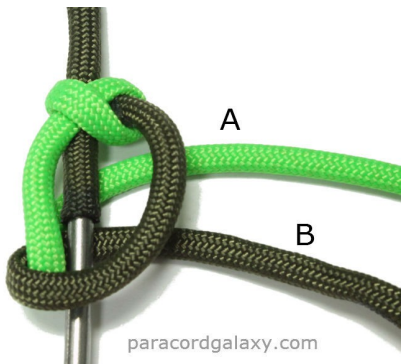

Step 2: Now bring side A over side B and the nail and under itself as shown. Pull tight and position the knot at the tip of the nail.

Step 3: Begin tying a snake knot by bringing the cord B over the nail and the cord A.

Step 4: Wrap cord B behind cord A and the nail forming a loop.

Step 5: Fold cord A up and bring it behind the nail and above cord B.

Step 6: Bring the end of cord A down through the loop created by cord B. Pull both ends tight.

Repeat steps 3 through 6 until you reach the head of the nail.

Once you reach the end, trim and melt the ends.

Repeat steps 1 through 6 with the other nail.

Now you are ready to practice your nunchuck moves!
