King Cobra Bracelet with Paraclaw

Materials:
- 20 ft of 550 paracord
- Paraclaw buckle
- Flint fire starter rod (optional)

(Cost for this project starts at $17.45)

**Step 1:** Find the center of your cord and fold to form a loop. Insert each end of the cord through the holes in the fire starter rod and slide toward the center.

**Step 2:** Lay the cords as shown with the bracelet in the center and a working end on each side.

**Step 3:** Start a cobra weave by bringing the right side cord over the center cords and under the left cord.
Step 4: Bring the left cord behind the center cords and up through the loop formed by the right cord. Pull tight.

Step 5: Take the cord on the left and bring it over the center cords and under the cord on the right.

Step 6: Bring the right cord behind the center cords and up through the loop created by the cord on the left. Pull tight.

Repeat steps 3 through 6 until you reach your loop. Be sure the loop is large enough to fit over the T bar on the buckle.

Continue repeating steps 3 through 6 tying your knots over the completed weave until you reach the buckle.

Once you reach the buckle, trim and melt any excess cord.
