Step 1: With the 8 ft piece of green cord, make a two strand double cow's hitch.
See our tutorial for instructions.

Step 2: Insert the hunter green cord through the sides of both knots. Insert the other green cord down through the inside of each knot as shown.

Step 3: With the right strand of your 8 ft piece of cord, bring it under the right core strand of the bracelet and over the left.

Step 4: Bring the left strand under the left core strand and over the right as shown.
Step 5: Bring the right hunter cord down below the crossed cords then fold it up behind and insert it up between the right core strand and the loop of the right green cord as shown.

Step 6: Bring the left hunter cord down below the crossed cords then fold it up behind and insert it up between the left core strand and the left green cord as shown.

Step 7: Bring the remaining left green cord down below the crossed cords in the middle and wrap it behind and up and to the left of itself as shown.

Step 8: Bring the remaining right green cord down below the crossed cords in the middle and wrap it behind and up to the right of itself. Tighten all cords.

Step 9: Repeat steps 3 through 8.

Step 10: Bring the outside right green cord under then over the core strands. Repeat with the left green.
World's Largest Selection Of
USA made 550 Paracord
In 1,000 + Colors and
Patterns

Step 11: Wrap the hunter cords the same as before in steps 5 and 6.

Step 12: Bring the left middle green cord below the crossed cords in the center and wrap behind and up to the right of itself as shown.

Step 13: Bring the right green cord below the crossed cords in the center and wrap it behind and up to the left of itself as shown. Pull all cords tight.

Step 14: Repeat steps 10 through 13.

Your bracelet should look like this at this point. Continue repeating steps 3 through 14 until you reach the end.

Once you reach the end, alter the steps slightly so your ends are pointing down toward the back of the bracelet.
Weave the ends through the back stitches as needed then trim and melt.

This made a 8 ½ inch bracelet.
