Step 3: Wrap the snow cap cords around the two coyote cords where they cross with the working ends in the middle.

Step 2: Bring the left working end of the coyote cord under the left core strand and over the right core strand. Bring the right strand under the right core strand and over the left core strand.

Step 5: Cross the coyote cords as before by bringing the left cord under the left and over the right core strand then the right cord under the right and over the left core strand.

Step 6: Wrap the snow cap cords around the crossed cords the same way with the working ends in the middle.

Step 7: Bring the right cream cord behind the bracelet and up through the space between the coyote and snow cap cord on the right.

Step 8: Wrap the cream cord over and around the crossed coyote cords and up through the space between it at the coyote cord.

Step 9: Repeat steps 7 and 8 with the left cream cord. Pull tight.

Repeat steps 5 through 9 until you reach the end.
