## Single Genoese Bracelet

paracordgalaxy.com

### Materials:

Two 5-6 ft pieces of paracord

One ½ inch buckle

{Cost for this project starts at \$2.19}

paracordgalaxy.com

**Step 1:** Melt the two cords together and insert the joined end down through one side of the buckle.

**Step 3:** Insert the cord ends down through the other end of the buckle and measure to the desired length.

Fold the cord ends and place one end on each side of the center cords. **Step 4:** Bring the right side over the center cords.

Patterns

**Step 5:** Wrap the right cord behind the center cords and bring it up through the loop it created. Pull tight.

Repeat steps 4 and 5 with the left side. Continue repeating steps 4 and 5 alternating left and right sides until you near the buckle.

**Step 6:** With the cord you tied last, bring it over the center cords and under the other color cord.

**Step 7:** Bring the other cord behind the center cords and up through the loop created by the first. Pull tight.

Repeat steps 6 and 7 with the same cords as before. Then trim and melt any excess.

We used 10 ft of paracord to make this 8 inch bracelet. You can use more or less depending on how tight you make your knots.
