**Step 1:** Make a four strand double cow's hitch with your black cord.  
[See our tutorial for instructions.](#) Insert the other two cords through the knots on the working end as shown.

Patterns

**Step 5:** Bring each swamp snake cord behind the two core strands on each side.

**Step 6:** Insert the left black cord up through the space between the two left core strands and between the other two color strands.

**Step 7:** Repeat step 6 with the right black cord.

Tighten by pulling the strands outward and push up toward the buckle.

Repeat steps 2 through 7

Try to keep your cords tight as you go and take out the slack when you can from previous rows. Continue repeating until you reach the end of your bracelet.
