Step 1: Cut your cord into 3 equal pieces and find the centers. With the first cord, form a sideways “S” shape as shown with the center of the cord in the middle of the “S” shape.

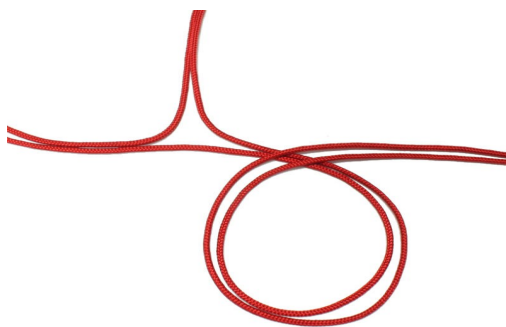

paracordgalaxy.com

Step 2: With the second cord, form an “S” shape with the top following the right curve of the first cord as shown.

paracordgalaxy.com

Step 3: With the last cord, follow the left curve of the first cord down the bottom of the second as shown.

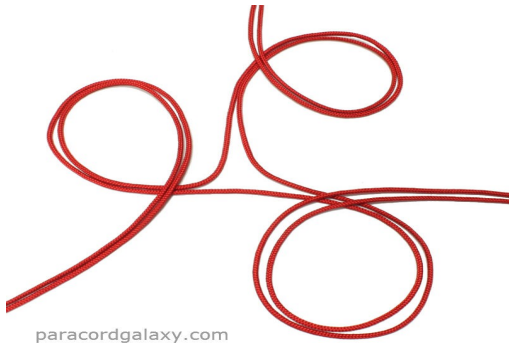

paracordgalaxy.com

Step 4: Now we are going to close the open ends of our “S” shape by bringing the cord ends over the curve.

Once you have closed and made three loops, your project should look like this.

paracordgalaxy.com

Step 6: Bring the cord ends from the top right loop and insert them down into the top left loop.

paracordgalaxy.com

Carefully tighten your loops by pulling the cord ends. Make sure your strands don't get crossed.

Add beads and knots as desired to the bottom two strands and trim and melt any excess.

We used about 8 ft of cord and our necklace measures about 13 inches from top to bottom.
