Step 10: Fold the working end back over the center strand and under the first.

Step 11: Fold the working end toward the third strand. Push up to tighten as before.

Step 12: Bring the working end around the third strand and weave over, under, over. Push up and tighten.

Repeat steps 9 through 12 until the remaining length matches the length of the first cobra "head". Then repeat steps 7 and 8 until you reach the buckle.
