Here's a new project!

Paracord Snowflake Ornament

Make Paracord Snowflakes to decorate your home this holiday season! They're fun to make and perfect for the Christmas tree or anywhere you want to add some holiday spirit.

We used 20 ft of White 550 Paracord and a 1 inch split ring to make a 5 inch snowflake. The split ring is used to form the center of the snowflake. Use smaller sizes of cord and split rings to make smaller snowflakes.

Paracord Snowflake Project Tutorial

To make smaller paracord snowflakes consider using Micro, Type 1, 275, 325 or 425 Paracord.

Holiday Shipping Update

We are committed to making sure we ship your order the same day we receive it or within one business day. We pack and ship Monday through Saturday. Orders placed before 3 pm Eastern Time usually ship that same day (Mon-Sat). Orders placed on Sundays and holidays ship the next business day. We've brought in extra help to support the holiday demand and don't expect any delays.

Once packages are turned over to the delivery service (USPS, FedEx, UPS and so forth) - packages become subject to their delivery schedules, staffing, seasonal delays - and of course whatever Mother Nature adds to that mix. Please order early to give plenty of lead time for the carrier to get your package delivery to you.

Here are shipping tips based on our experience:

1. USPS First Class Shipping seems to be the slowest shipping option. It's cheap but not as fast or as reliable.
2. We use USPS Priority or FedEx Ground for our Flat Rate shipping options. Both are faster and more reliable than First Class.
3. International orders need to be placed now for any reasonable delivery time.
We offer split rings in sizes from 3/4" to 1 1/2" and in a variety of shapes. They're available individually or in value packs of up to 50 split rings. Here's a link to shop all split rings.

Package theft is a real concern. Don't let packages sit on your doorstep. When we ship your order we email the tracking number to you. Please go to the carrier's website to get updates on the progress and expected delivery of your order. Again, please don't let packages sit on your doorstep.

We offer over 1,000 colors/patterns of 550 paracord for only $4.99 for 100 ft.
