## [Solomon Lark's Head Bracelet Tutorial](#)

This paracord bracelet is made by using Solomon square knots and Lark's Head knots to create a fun design. The result is a beautiful and eye-catching paracord bracelet.

To make this bracelet you'll need 14 to 16 ft of paracord (two 7 to 8 ft lengths). We used [275 paracord](#), but other [sizes of paracord](#) will work just as well. We finished our bracelet with a diamond knot. Here's a link to our [diamond knot tutorial](#).
