Step 1: Attach yellow paracord to a lacing needle or use pliers to insert the cord in the bracelet as shown.

paracordgalaxy.com

Thread the cord through until about an inch is showing.

paracordgalaxy.com

Step 2: Thread the cord through the opposite side as shown. This will help secure the cord to the bracelet.

paracordgalaxy.com

Step 3: Bring the cord around and use the tip of the lacing needle to push the cord through the first hole in the bracelet.

Step 4: Once you reach the end of the bracelet, secure the end of the cord by inserting it through each side similar to steps 1 and 2.

paracordgalaxy.com

Trim and melt the ends of the yellow cord.
