## Double Micro Cord Bracelet

paracordgalaxy.com

### Materials

6 pieces of micro cord in three  
foot lengths.

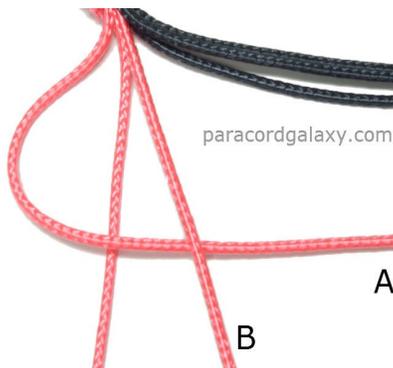

{Cost for this project starts at \$1.99}

paracordgalaxy.com

**Step 1:** Take all six pieces of cord and tie an overhand knot about six inches from the ends.

paracordgalaxy.com

**Step 2:** Separate three cords on the left. Bring cord A over the center cord and under cord B.

paracordgalaxy.com

**Step 3:** Bring cord B behind the center cord and up through the loop created by cord A. Then pull tight.

**Step 4:** Repeat the process again with cord A that is now on the right side over the center and under B.

Patterns

**Step 5:** Take cord B behind the center cord and up through the loop A. Pull tight. Repeat steps 2-5 about 8 times. Then repeat with the other three cords until they are the same length.

**Step 6:** Lay out all six cords. Take the two cords on the left and lay them over the center two and under the right two cords.

**Step 7:** Bring the right two cords behind the center two and up through the loop on the left. Pull tight.

**Step 8:** Now repeat steps 6 and 7 in reverse bringing the right two cords over the center two and under the left two cords. Then bring the left two behind the center cords and up through the loop

Pull the knot tight. Separate three cords on the left. Repeat steps 2 through 8 until you reach the desired length.

Once you reach the desired length, tie an overhand knot with all six cords.

Trim and melt four of the cords. Repeat on the opposite side of the bracelet.

paracordgalaxy.com

Bring both ends together and cross the four cords as shown.

paracordgalaxy.com

With one of your cut pieces, tie an overhand knot around all four cords.

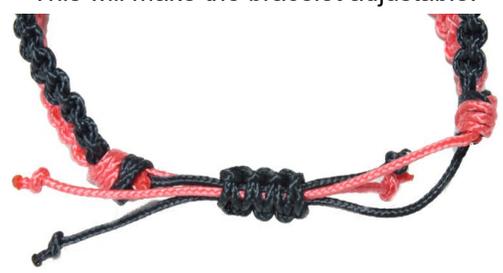

paracordgalaxy.com

Repeat the knot tying by repeating steps 2-5 about four times. Trim any excess. This will make the bracelet adjustable.

paracordgalaxy.com

Trim the four cords to about three inches from the adjuster and tie an overhand knot in each to prevent the cords from pulling out of the adjuster.
