Pull both ends until you have two small
loops.

Step 4: Insert the second piece of cord through the hole and cross side B over A.

Step 5: Bring A around and down through the loop to form an overhand knot

Step 6: Bring side A down through the hole in the first cord and behind side B.

Step 7: Now bring A down through the center of the second overhand knot.

Pull each cord end and slowly tighten the loops until a knot forms as shown.

Step 8: Use the short side of the cord on each end to tie an overhand knot around the longer cord.
